

BOSTON SOCIETY OF NATURAL HISTORY,

234 BERKELEY STREET,

BOSTON, MASS.,

21 July 1913

Dr. George G. Kennedy,
Readville, Mass.

Dear Dr. Kennedy:-

The Society possesses a very valuable Library which in some important respects is unique and which is at present exposed to constant injury from dust and to the risk of destruction by fire. It is of importance to science and to the community that the Society's collection of books and pamphlets, formed largely through gifts from distinguished citizens of the Commonwealth, should be not only available for the present generation but also preserved for the benefit of those to follow us.

Will you not assist the Society to provide the fireproof stack needed for the adequate preservation of its Library? Gifts received since the enclosed slip was printed have raised the amount subscribed to about \$7,400. Checks may be made out to the Boston Society of Natural History and sent to the undersigned or to the Secretary of the Society, 234 Berkeley St.

Yours very truly,

Charles S. Minot
