

EDWARD L. RAND,
740 EXCHANGE BUILDING.
53 STATE STREET.

BOSTON, June 16 1904

Dear Dr. Kennedy,

"Rhodora" came this morning, and as a result I have been reading about the Willoughby flora instead of attending to business. Please accept my thanks for all the pleasure you have given me. The illustrations have a great deal of interest because they explain very clearly many remarks that Mr. Faxon used to make in regard to certain places at Mt. Desert. Some of the views you have given fit Mt. Desert as well as they do Willoughby.

I heartily congratulate you on this excellent list and the interesting introduction. All I can hope for now is to see Willoughby with you sometime.

I hope Mrs. Kennedy was none the worse for her trip to Concord. I could not help feeling that it was a tiresome journey for her to undertake, - but of course the occasion was a great one.

I hope Mrs. Kennedy liked Mr. Rand, for Mr. Rand seems to have fallen in love with her.

Wishing you all a most pleasant summer, and regretting that a suggestion of Mt. Desert finds no favor another year,

Sincerely yours
Edward L. Rand
