

The Buckingham  
Buffs, N.Y. Oct 26/10

My dear George,

Can you give me information  
regarding the present condition of  
our friend Almon D. Hoops Jr.? He  
has a great shock to hear that he  
had been stricken with paralysis but  
survived the fact that the doctors  
retained little hope of his ever  
coming up and about again. I have  
learned nothing. Today I found  
your address and that of Dorris

the 1910 Boston Directory and decided to send you both a request for information - Very recently in response to his request I wrote Alumn particulars of the last illness & death of my sister Agnes and up to the day I learned of what had happened to him. I had been looking for a letter from him. So many of those near and dear to me as kindred and friends have "passed on" during the year that I am all the while asking myself "Who next?" I shall be greatly obliged for your reply

at an early date and shall be deeply grateful if you can give any encouragement that I am again to see him in this life. With kind regards and pleasant remembrance of the days when we were young - I am

Yours truly  
Edmund J. Whelan
