July 19/21

Dear Mr Deane

your kind letter rec'd"
also the \$1.00 and I think you were very
generous in your payment; for I was
only too glad to send you the cards
if it was any pleasure to you, and
your friends. As I have not rec'd any
communication from the Bracks, regarding
the card that was loaned him, it ^{is} all
right any ^{way} as far as I am concerned.
The common name of the ^{it} is the Star or
star of Bethlehem. I was fortunate enough
this fall to secure a slip of the Purple
Star as a companion plant to my white
one, and they are looking very thrifty.
I still have a few blossoms on my
white one which makes it the
longest blooming period since I have
had it. I think the cotton seed meal
has been quite a factor in forcing
the blossoms.

I saw Laurence Philbrooks Sat" and he
said his Father was getting along very
well altho" does not get out around
much but seems to be improving
somewhat

We have had a fine winter so far
yesterday ~~was~~ is it was 23 below the coldest
of the season but more comfortable today
I am inclosing one of our Post Card
original by Mr T. A. Gardner of the Forest Service. here.
wish you could be here and take some
if it is. if we are favored with good
weather I am sure it will be a success.
If you should want any more cards
of the campfire I will send them
Thanking you for your favor: and trusting
this finds you and yours all well
I remain

Very sincerely

Sam S. Bennett

Bennett, Sam S. 1921. "Bennett, Sam S Jan. 19, 1921." *Walter Deane correspondence*
