

845 Baylester St.,

June 18, 1925.

Dear Mr. Stone:

Thank you very
heartily for your letter in re-
gard to the St. Mark's history.
As soon as a book is printed
the writer begins to discover
errors - this is the usual fate
- and I am sorry for the one
about Dr. Coolidge's age when
he died; but to tell the
truth I was being pushed from
behind a little at the end of
the year, in order to have the
book out by the middle of May;
and a good many matters of

verification were not thoroughly gone through. Still, in this case, the fact that there is an error will be easily seen by those interested.

The graduates seem to be satisfied, & for that I am certainly gratified. You would be amused if you could see some of the "conflicting evidence" I received in regard to several of the school personalities. I went by the preponderance of evidence, & expressed no opinion; & I am particularly gratified in consequence by yours about your time.

I hope to hear from you again when you have time to

write. I shall have to bury you the quiet of the country for ten days more - I look forward to it with most happy anticipation I promise. With thanks again for all you have done to help me, & best wishes for a happy summer,

Sincerely yours,

A. Emerson Benson.
