

Waterbury Conn
Nov 25

Mr Walter Deane

Dear Sir - I have just read
your article in "Rhodora" on
Euphorbia cyparissias also
have read your previous articles.
So I kept a close look out
for it the past season.
While out botanizing with
Mr Bissell and Mr Woodward
at West Haven found it fruiting
in abundance although overripe
as it was the latter part of
June. I will write it up
for "Rhodora" as it is our
first reported station in fruit.
Sincerely yours
Arthur E. Blodgett
