Capever,  
9/4/19.

My dear Mr. Deane,

Just a line or two to offer my congratulations on your approaching birthday (23<sup>rd</sup> April). How the years roll by; and how much we must be thankful for for the blessings we receive daily. I have just passed my 57<sup>th</sup> anniversary on the 7<sup>th</sup> inst. and am glad to say I feel much younger. My day is fully occupied with pleasant work with reading in between, & my little family is always busy doing something useful. Mrs. Curr's health continues the same, now normal. Her unshakable faith in the grace of all things keeps her going and uncomplainingly. She is a brave soul.

We also are greatly shocked at the news of the sudden death of Roosevelt. Though he had lived such an abundantly useful life we did not think he was to have been cut off so suddenly, and in great work for mankind generally and his country particularly, checked at such an accumulation in the world's history. But, in his goodness, knows best.

My recollection of him and the interview he was so kind to give me when on his visit here two or three years ago will always remain green in my memory. May God bless him for the good he has done.

Gladys will enliven a mile in this. She is now thirteen and is quite tall for her age. Freddy is 18 and is also well-grown. He is taking a special course in mathematics and

intends to go in for engineering - probably surveying. There is  
a large field in this branch of engineering and young  
engineers will soon be in demand greatly for the ex-  
tension of our oil fields. From all indications Trinidad pro-  
mises to be a very important oil producer. Several com-  
panies are at work and two are doing very well, one,  
the "Hindustani Limited" having declared a dividend of 10%  
for the year just closed. Workmen are now pros-  
pecting in my district and next on my property  
some days ago if you look across our way I shall  
be glad if not I will be disappointed - suffice to say  
they can keep us a going fairly satisfactorily. In other  
words I have not the gloomy spirit and am thankful  
to have it so.

I tried to get you a small present for your  
birthday anniversary while in town yesterday, but the  
article I had in view - the "Trinidad Year Book" will  
be published next week and the printer leaves to-  
morrow. I shall send it on Friday.

With every wish from us all that the approaching  
birthday will be as successful as those of the past and  
with love from us all.

Your old friend & well-wisher,

W. H. F. Jr.
