

J. LUNELL, M. D.

LEEDS, - NORTH DAKOTA.

HOURS, 8 A. M. - 8 P. M.

Leeds, N. Dak., Nov. 27<sup>th</sup> 1901

Dear Mr. Deane:

Your letter of Nov. 21<sup>st</sup> ultimo received, and I am very glad that you like my plants. I had no occasion to visit any new places this year, and I had not many to send on that ground.

Next year I will expand my territory as wide as possible.

You told me of Dr Britton's New Manual, that it does not cover my region. Did not you mean the new edition of Gray's Manual, that has been expected impatiently by me for such a long time? I would be very thankful to you for an information in that direction, as I am apt to send for either of these works, if new editions.

have appeared.

I have so many exchange relations  
with New England that "Rhodora"  
will be a necessity for me to have,  
and I will immediately ~~write~~ subscribe.

Yours  
J. Linnell.
