Charlotte, Vermont

April, 18th, 1876.

Dear Mr. Sampson: The box of
 pressed and bot. specimens from
 you reached me promptly; and I
 felt as though I must write you
 at once to charge you not to send me
 any more so fine and costly
 pressed for that money. You must
 soon stop it.

I am very sorry that you are
 in trouble; is there no help for it?

I hardly need assure you that
 I have been very busy since
 getting home. For several weeks
 my herbaceous engaged my attention,
 have put it into fine order; and
 now that I have most of my spec-
 imens mounted and catalogued I
 find that I have nearly $\frac{1}{3}$ of the
 plants of Gray and Chapman.

Mr. Conzden and I are plan-
 ning to collect some 25-30 lbs. of
 Vt. plants this summer, in those
 of the east side and I think of
 this side. Thanks for your offer to
 help me at the show of the Society.
 Yours sincerely, C. G. Pringle.
