

Charlotte, Vt.

Jan., 25, 1880.

My Dear Mr. Dampier,

Since the receipt of your
new year greeting I have been struggling
through the distribution of my plants,
and have just reached you, having put
up the *Cypidium fragrans* and *Habenaria*
hypoleuca, (of the last—I put only two,) which
which you desired. As you do not con-
sent to ~~the~~ take one of my specimens
of *B. tridentata*, *rubrifolia*, I show you
both.

It is the same story with me this winter,—
great—pains of work. I have a good deal
of work in my hands now, that comes
by way of my Currier appointment; and I am
hardly less than忙着 of my plants.

Hoping your health is better, and that all goes
well with you, I am soon fit to reply.

C. L. Dring.
