

MEMORANDUM.

To

Charlotte, Vermont, U. S. A.,

6, Feb., 1885.

Dear Mr. Tavenport—

Hurrying preparations for my journey, I think of a fresh supply of "dry plates", and send you \$1.50, begging you to order such as you think best (Carbutt's Special?) sent me by express. If these are more rapid than A + R's, will 2 seconds suffice when I used 4? And can we "stop" at all in drop shutter exposures?

Do tell me frankly; for I don't know. Ought not I to send you a sum of money to balance for what you have done for me. Or have you hopes of realising a little from the sale of pictures? And ought I to send my plates this year to some photographer

Sometimes I feel that I may be abusing your goodness cruelly in asking so much help from you. Unless you hope it may yet be to your advantage, do tell me, if I should not employ a photographer. You have shown your usual kindness and patience in helping me to a start; but - you must not permit me to burden you too long.

The Auroid is; do tell me the cost of repairs to it, that I may repay you. It was fortunate for me that you sent for it, for I might not otherwise have known it was out of order till on my journey.

Prof. Sargent may call on you to get some of our photos, since he has become interested in them.

Yours faithfully,

C. G. Pringle.
