

H Charlotte, Vermont.  
22 Dec., 1887.

Dear Friend,

Your long and interesting  
letter came last evening.

Oh no! I have no use at-  
present for the stereoscopic  
lenses. Keep them longer.

No trouble about the cactus  
photos going to Rochester, I pre-  
sume. Possibly Prof. Sargent  
may want me to write about  
such plants.

Chit. Mexicana were a  
good name.

From the first - I have hoped  
the tiny Gymnogramme might be  
an undescribed species.

Will wait for the firm names till  
you are certain.

Dreadful news about our  
good friend, Lickdorp!

Yours faithfully,

O. G. Pringle.

NOTHING BUT THE ADDRESS TO BE ON THIS SIDE.

Mr. Geo. C. Savenport,  
A, Hamilton Place,  
Boston, Mass.
