Chihuahua,

1, June, 1888.

Dear Mr. Sauerport,

Here I am again with assistant welcome of so many Mexican journeys, and tomorrow expect to start for Monterey. My hope is to finish the Museum work in that region in four or five weeks, and then make a short visit to Guadalajara for ferns chiefly — you know how many Palmer found there in 1886 — over the new branch railroad now completed to that city.

In St Louis I learned at Cramer's old stand (now in other

hands) that he would be found
at his manufactory a long
distance off; So, not to lose a day,
I bought his plates of a stock
dealer, who advised me to take
No. 30.

I have here exposed 4 plates
trying again to get a picture of my
good friends in the Cong. Mission.
These I have packed to send by
mail, and Rev. Mr. Wright ex-
pects to mail them, when in El
Paso next week. Will you kindly
develop them and send two (un-
mounted) of each here to Rev. A.
C. Wright; and write me to
Montgomery any suggestions about ex-
posure of plates? This year I
must keep trying, till I get some
good pictures -

Yours faithfully,

C. H. Pingle -
