

✓  
Dear Mr. Davenport:

I received a print  
of a fern strange to me  
from Pittsford, Vt. found  
by E. A. Woolson. No word  
came with it.

My friend from Greenfield  
has been here, and told me  
of your visit. I wish I  
might have shared it with  
her, & would have come some  
had I known you were so  
near Brattleboro. I showed  
her the above print & she  
recognized it as one you

am Dept more than busy. Still I will do  
this letter.

In Jan'y, I expect to be in Lowell, and  
will come down either to Boston or to Medford,  
whichever is most convenient for you for  
a few hours.

Sincerely yours

Elizabeth B. Townsend

Oakover 2nd.

had with you, but she  
could not remember what  
you told her about it.  
Of course my print gives me  
nothing but form & relative  
size of parts, but it inclines  
me to guess it to be a hybrid  
mule - murana & possibly a.  
Trichomanes. I should say  
simply related to the first.

Will you be so kind  
as to send me the enclosed  
card with a line or two  
about it?

For a long while I have  
been desiring to write you  
about my summer, but

Davenport, Elizabeth Braxton. 10-23. "Davenport, Elizabeth B. Oct. 23 [no year]." *George Edward Davenport correspondence*
