Dear Mr Deane

Your note with the plants have just come to hand. I am very much indebted to you, for the trouble you have taken with them. In fact I have put you to too much trouble I fear in identifying some which were too ~~easy~~ for a professional to bother with and others which were too fragmentary to be determined without considerable difficulty. But as I made up my mind somewhat hurriedly to go to Boston I had not time to go over them with any care, & so took them with me.

Now if there are any which you would like to have let me know and I will be glad to send you duplicates as a partial return for your kindness, which has placed me under fresh obligations to you and others who have helped you. I am just beginning to write up the results of the trip, & shall be glad to send them to you later with kindest regards very sincerely yours G. U. Hay

Hay, G. U. 1898. "Hay, George Upham Dec. 14, 1898." *Walter Deane correspondence*
