DIVISION OF VEGETABLE PHYSIOLOGY AND PATHOLOGY,  
WASHINGTON, D. C.

Septbr 10. 1895.

Dear Mr. Deane:

Many thanks for the two Notes from your herbarium, which you have kindly sent me; the set is now complete so far, 1-2-3, and I hope your mail, also, send me what you might publish in the future. Having a private herbarium myself, I am trying to collect the Flora of D.C., but I find great trouble in identifying some genera, especially *Solidago* and *Aster*. I thought, therefore, to ask you if we could not make a sort of exchange, offering you species from here, of which you will find an enumeration in Prof. Ward's Flora of D.C. and my additions. I really wish to get hold on some, correctly identified specimens of *Solidago* and *Aster*, since those of the U.S. Natl. Herbarium only show a great confusion. Hoping to hear from you, I remain  
yours very sincerely

Sherrill
