and Apr 22 "

Dear Mr. Deane, -

On Sunday mother and I took a drive which I wish you could have enjoyed with us. Some of the earliest spring blossoms are beautiful. There are a number of acacia all about which blossomed a few weeks ago and were bright masses of yellow, there are a little pink now but the almond trees are in full blossom and the peach and apricot are just beginning. On Sunday we saw three trees of such beautiful blossoms that I still think of them with joy.

Mother says they were cerise, between a
purple and red. On inquiry we find
that it is the flowering peach which
is I suppose an ornamental tree.
In two more weeks the famous orchards
of prune and apricot trees will be in
full blossom and then the whole valley
will be a mass of white, we will
take another ride at that time to
enjoy them.

I am feeling very well thank
you and I hope you and Miss Brown
have had a pleasant winter.

Sincerely yours

Richard J. Hopkins.

Hopkins, Richard J. 1928. "Hopkins, Richard J Feb. 28, 1928." *Walter Deane correspondence*
