

Jan. 18, 1895 -

Dear Mr. Deane,

Is it too late to get  
a little of the *Lemna valdiviana*  
you found last autumn &  
of which you mention in the  
*Botanical Gazette*?

Dr. Kennedy who occasionally  
gives me a call was telling  
me about it.

I wonder if you have found  
any of our *Lemnæ* in flower  
or fruit & at what season.  
*Lemna minor* is very abundant  
about here, but I never saw  
a fruiting plant - Had a  
very pleasant call at the Garden  
last week, but I still miss

my old friends Dr. Gray &  
Dr. Watson so much that  
it pains me to go to the  
garden at all -

Yours truly  
Henry G. Jesup.

Jesup, Henry G. 1895. "Jesup, Henry Griswold Jan. 18, 1895." *Walter Deane correspondence*
