For Exchange—Many thousands of specimens, to which we are constantly adding collections from our agents in various parts of the world. Physicians making collections will do well to send us their lists, as we use many of the common species in exchange.

All vegetable forms (sent in duplicate) named for the specimens.

All packages from foreign countries should be sent to Parke, Davis & Co., 60 Maiden Lane, New York City.

Dear Mr. Sargent!—

It is very painful to learn, through your letter of the 30th ult., of your indisposition. I trust that you may find the trouble only a temporary one, and recover both your health and your energy. The note which you send will be printed in the Med. Bulletin.

Sincerely yours

H. H. Rusby.
