R. F. D. 3, BOX 322  
PORTERVILLE, CALIFORNIA

Feb. 12-1928  
(rec'd. Feb. 18)

My dear Mr. Deane.

I have missed some  
thing this last Christmas  
that has come to me  
for over thirty years. That  
is a message from my  
father and my own dear  
friend. Yes Mr. Deane.  
I am worried for fear  
you are ill... I know  
it is impossible to keep  
in touch with all our  
friends. But I want some

word from you. Just to  
know that you are well.

Mr. Richardson and  
I enjoyed every minute  
of our short visit with  
you. one afternoon last  
winter. and I have  
often regretted that I  
could not have talked  
with you longer. You  
know so many things  
about my father that  
I should loved to have  
heard you tell. —

I hope the photographs of  
you and the children,  
which I am able to find  
to me again. I wish you  
need the see the story  
of it. It is framed and  
our friends ask me where  
creation a book is than I  
can answer. Did the  
drawing had actually  
light - see the glass with the  
stone in it. Which you were  
holding it

They will then we are, well as  
we shall expect at exactly eight  
years of age - The Institute of  
Hawaii - broadening slowly as well -

It gives me to see how  
little hand making for the  
he so hard for me when I  
cannot get letters in from  
Hawaii - I shall have  
get through. These make I  
have to go and see how  
many of a year - I make it  
have not so far away -  
just a little from you for I  
and myself -
