Dear Mr. Deane:

I have your letter of May 16th and am forwarding the package of plants today. I hope you will find them interesting but that you will not feel obliged to return the postage since you have already sent us a larger package in exchange.

I had the pleasure of meeting Dr. Fernald at Ithaca last summer and was very much interested to see Dr. Robertson although I did not speak with him. I was very much disappointed that the weather prevented us from getting into the field much as it must be a wonderful locality to botanize.

Yours truly,

OAS/B
