Cast in Bas-relief in real Bronze Metal

Louisville, Ky June 10 1884

My Dear friend Lavenport

I send you my new catalogue it is small

I often think of you all and feel I ought to write oftener, but we live such a busy life, of worry and one thing that those nicer traits are forgotten or rather neglected, Since my last severe sickness, I have never felt real well I have had a great deal of hard work to do, and now I find myself unable to do anything. I am just completely broke down, and to-morrow I go to the country and take a rest of all

I may visit an interesting locality I am going to the mountains of West Virginia. If I think of anything of interest I may write you.

If I had that camera of yours

I would be able to do some work.

I wish you would go around by The Murdock Co & see how our goods are shown, If you see Shaw

You can ask if they goods are showing in Davenport, he has been ordering more from them
