

BROWN UNIVERSITY
DEPARTMENT OF BOTANY

PROVIDENCE, R. I., U. S. A., April 25 1904

My dear Deane, I thank you for your
Hall which I will forward to you
may. Believe me, it is not "dumb
forgetfulness" that afflicts her, but
over-work. She lately led the whole
class of 130 in original story writing &
was one of only 20 to finish all her ex-
ercises. She spent Easter vacation in
Virginia, but was home here - and
he had some combination-trolley
travelling together. He is a dear boy - and
doing gloriously. I have delivered two
public lectures lately, one before the
R. I. Churchman's Club, where I was
broken up by yelling in next room sing-
ing, playing & cheering, with all tears
come open into our Hall. Now I was
not broken up, but my audience was.
Then - last week I talked before
the Brown Union on "Woman as it used
to be." My doctor objects to my doing
these things - but I am no worse
for them; couldn't be worse, and
live. What a month - and my
dear kids will both be home,
Hoover! Saw Houstonia & Capsella
& Talaxacum in bloom today. Also
article about of Garding on new women-
culture in East Am Botanical
Yours as W. W. B.
