

in awful confusion and darkness in the face of the  
waters. Personally I am very glad to be back - and to  
inhabit my own room & bath-tub. That Tourist walk  
with Collier & John was just great, I wish Raul should  
have been along. "Such luck, Pip, old fellow!"

I came up for the day on the 24<sup>th</sup> to help Presy  
open College, The Cathedral of China & Cathay, in my opinion  
we show no gain, the City our garden still beautiful  
and the woods strong with asters & under ferns, I wish  
the nature side we were away with regret - but  
still I say ever - "Home for me!" I am about as  
usual - which means a bundle of aches, Cicero  
made too much de senectute; juventute is worth  
dozens of it; With regards to Mrs Deane

My dear Deane,  
We got home  
on Saturday last  
all well - but tired

a room on 4<sup>th</sup> street  
off Cushing & Simsbury  
had to get out into  
gutter climb 3 times  
to another window &  
smash it in before she  
was released! Awful.  
She is in Boston today  
at Teachers meeting.  
Begins Thursday, in  
April day May  
Leaves for N.Y. The  
home here is still
