Mr. Walter Deane,
Cambridge, Mass.

Friend Deane:--

I presume that you have inferred that I reached Cincinnati all right. At any rate such was the case. I have been very busy this summer gathering weeds and will be in shape to do a lot of exchanging next winter. I am just in receipt of advice from Germany of another box of German specimens. As I shall desire to have these thoroughly poisoned will ask you to favor me with the strength of the solution of Corrosive Sublimate that you use in poisoning plants. I have been very busy this summer as in addition to our regular business we have this year purchased a chemical factory which has taken a good part of my time.

With kind regards to your good wife, I remain,

Yours truly,

C. G. Lloyd.
