HORTICULTURAL DEPARTMENT.

L. H. BAILEY, PROFESSOR OF HORTICULTURE.

Ithaca, N. Y., July 7, 1889

My Dear Deane: I am in your debt two letters and a card. I am obliged to you for remembering me so well, while I have not replied. I have been getting out a Bulletin, and all my energy and time of late have been put upon it.

I am glad that you are nicely settled for the summer, and that Mrs. Deane is improving.

I think that you have *C. deflexa* var. *Deanei*, - the plant from Wye Pond by Pringle? You once wrote me about it. You ought to find the plant on any of the New Hampshire mts. of tolerable height, I should think. Farnell sends me a crumpled specimen in a letter for identification, and it appears to be some form of *C. deflexa*. The species has never

been found in the Superior country.

Thanks for the cary seeds. Some of the seeds which I got across the ocean are nicely up. I hope to get my ground in shape to begin the caricatum this fall. I shall sow your seeds to-morrow.

Mrs. Pres. Adams died yesterday after a long and very trying illness. The remains have gone to Ann Arbor for interment.

Have no time to botanize.

Yours truly,
L. H. Bailey

Bailey, L. H. 1889. "Bailey, Liberty Hyde Jul. 7, 1889." *Walter Deane correspondence*
