My Dear Deane:

The best thing Rand had was
C. Novae. Angliae and forms of C.
deflexa.

I am anxious to see the present.

Dear me! How the caries are coming
in! Big lot from Scotland and more
coming, a package from Brazil, one
from Iceland, one from Greenland, a
big batch from Dr Brinton of Phila., and
a package coming from Colorado!

The most difficult region to get
anything from is the lower Appalachian
region and Gulf States. There must be lots of
new things in there.

Yours -

Bailey
