My Dear Deane:

A scullion is properly an inferior and "bottomless" onion. Such are occasionally found in onion patches. But the one you refer to is no doubt the Welsh Onion, Allium fistulosum.
(See Bull. 31. Mich. p. 43, and Annals, p. 122)

This is our commencement week.
Commencement occurs Thursday. 280 take degrees.

I shall take my vacation in my garden and study, with perhaps two or three short trips.

Yours truly
L. H. Bailey
