My Dear Deane:

Here I am again in the Quaker city! Queer old city it is, and I never liked it. But I suppose that the city feels no spite! I have been down in Delaware haranguing the natives. I always enjoy going there, and at Dover I never omit going out to see the whipping-post and pillory. The whipping is still one of the commonest punishments. It is strange that such an institution should persist almost within the shadow of our biggest cities!

Snow is deep in Dover - that is, about 6 inches - and the people act as if they were suddenly trans-

Sorted into Greenland. It is rare  
that so much snow falls in  
the Peninsula.

To Rutgers to-morrow.

Yours truly &c
