Sept. 2 1894

My Dear Deane:

I am here at a summer resort over Sunday with Mrs. B. and the children. For three days I have been driving in the peach regions of Niagara investigating diseases of the trees.

I.F.G! Dear me! It creeps along slowly. I am now partly done with Amaranaceae. It should have been done before this, but I have had no end of hindrances.

Yes, I should subscribe for the new Systematic Botany. All Botanists must have

it, whether they agree with
its nomenclature or not.

I am fairly well, but
tired.

Goodbye

Yours ever

L. V. Bailey
