Dear Deane;

Canton Carex = *C. hirsuta*.

July 22 } = *Escoparia v. minor*.
July 23 }

No, I have had no more appendicitis. I meant
to say nothing about my latest privileges at
Brooklyn, but someone started a report about
another appendicitis operation, which I neither
confirmed nor denied.

Everything is on the lump again. It
seems strange to have something to do.
I am going off for two or three days for a
change and rest.

Yours,
L. H. Bailey
