

P.S. Hope to come to some Club  
Meeting this Winter.

[198 N. Main St.]

Rutland, Vt., Oct. 17, 1903

My dear Mr. Deane,

The list received but was  
very busy at the time.

Can help you out some.

The N. Flora tells the story  
of Dianthus, the U. N. M.  
specimen was collected in  
1819 and no one has found  
it since. I doubt if Prof.  
Jones would want to slip  
the specimen to you but it  
was seen by Robbins and Parker  
and by us Vermonters lately  
and any of us can vouch for  
it personally. I should con-  
sider it too valuable to trust  
outside of the museum.

For Hydrophyllum Canadense  
see Pringle's specimen in the  
Gray Herb.

- ✓ Utricularia gibba and Phlox  
paniculata I have in my own  
herbarium and will send to you.  
✓ Utricularia purpurea I think  
is in both the Blanchard Herb.  
at the Fairbanks Museum St.  
Johnsbury, and the Joseph  
Herbarium, Dartmouth

I know that H. C. Sargent of  
Wolffborough, N.H. has it and  
perhaps he is the best one  
to send to.

- For Phlox subulata send to  
W. H. Blanchard, Westminster  
Vt. ✓ Gilia linearis to  
Prof. Jones or Mrs. N. F. Flynn,  
Burlington. We are perfectly  
willing to find Utricularia minor  
in Vt. but have not. W.W. Eggleston
