

Dorothy, Jan. 22

I am sorry to be obliged to confess that my aster is not polyphyllous at all but plain A. paniculatus - I am glad therefore that you asked me about it - I am at a loss to know how (if I did) I came to mark it in the Res. list, for I corrected the error long ago on the label - I have not arctium in my Herb. fr. the Res., but have seen it there so often that I need not hesitate to mark it; but undoubtedly it is "var. minus" as you say -

I asked Williams to request Rad to prepare & read a paper at any time & he will do so, but he still sticks on the "organisation" J. R. C.
