Boston. Feb. 12/96.

Dear Mr Beane: I seem to remember *M. mexicana* among Rich's plants, but do not recall the locality. A single specimen.

*P. clandestinum* without a panicle I determined from the leaves & sheaths - Rich's coll. a, alba, awned, I distinctly remember collecting near the oaks on the moraine, & Rich sent me similar plants, - locality uncertain.

*C. triloboides*, type, I have not no trace of. Ask Rich about this list.

I thought your labors were at an end, and apologise for giving you perennial trouble.

Sincerely yours,

Charles Swan

I have been through herb. & duplicates on this search, & have found nothing.
