

Springfield June 29. 1888.

Dear Mr. Deane,

Mr. Stebbins told me today that he was going to Mr. Tobey Saturday, July 7. To look for Bot. Simplex. He is coming back Monday - Friday Aug. 3. He expects to go again with his wife, and stay three or four weeks in camp. It will be too late for Botrychium then, but he would be happy to show the locality of other rare ferns to any botanists. Please let Judge Churchill know of these plans.

My Catalogue drays - unexpected hindrances have occurred. I hoped to send you one before you started on any summer tour. Please let me know where you will be be about July 10 - You can write all near the time if you don't know now. M.L.O.

NOTHING BUT THE ADDRESS TO BE ON THIS SIDE.

Mr. Walter Deane
