St. Louis, July 10, 1926.

My dear Mr. Drake:

^{recd July 13/26}

While I was in Cambridge
for Commencement week I called up
your house but received no response,
so decided that you had gone to Shel-
burne. Milton took his B. A. and
More his Master's degree from the
Business School. More will locate
in Boston. I left him with a position
in Clattery's and Milton sailed for a
summer abroad, especially England,
Scotland & France. Milton will enter
the Graduate School for a Master's
degree in English & the following year
wishes to go to Columbia University for
work in the School of Journalism.
So you may see the loop after your

return.

I saw Dr. & Mrs. Robinson & several others while in Cambridge. The Commencement-week Exercises were interesting & instructive as always & Each year the numbers grow beyond one's comprehension. As Milton's Class marched into the Stadium it seemed like legions in black coming on for a never ending.

After leaving Cambridge I had a charming week at Magnolia with Mrs. Francis Lane & family - We drove all over that North shore & the dunes are incomparably lovely combining the Sea & woodland in ever fascinating order. Jesse will go East in August - hope, & while in Ithaca may run up to Boston to see Morr. Sincerely
Anne Jesse Greenman.
