AND SHAW SCHOOL OF BOTANY OF WASHINGTON UNIVERSITY

MO. BOTANICAL GARDEN, ST. LOUIS

HERBARIUM

March 17, 1915

Dear Mr. Deane:

I received your very cordial note yesterday and now just a few lines hastily written in reply. First let me say that I am mailing to you another copy of my Senecio paper with the plate 13 Senecio relatives. Am sorry that the first copy was imperfect.

You will be interested to know that our older boy Moore is in St. Lukes Hospital having been operated on recently for appendicitis. He was taken ill Monday morning last. We had our family physician during the forenoon, a consultation in the afternoon, and an operation was performed at seven o'clock in the evening. The physicians say that Moore is doing well, but it is of course a very anxious time for us particularly for the mother.

With kindest regards to Mrs. Deane
and W. G. Deane, I am, sincerely
Yours,
J. M. Greenman
