

Oct. 14-77

Sat All.

Dear Mr. D.

Can't be in  
Bost. today so express  
Milw re which I forgot  
before as I made up  
my package up stairs  
& had left the book in  
the library, and Sil.  
Journ. which is more val-  
uable than gold as I  
disobey the rules of the  
Ins. in lending it -  
Witch is very anxious to see

The fig in Hitch. gives you will see two  
stems to the ground line although  
his description says "about 1 in. from ground"

Are not these bits of Jah. paper  
beautiful, I have been using some to  
make "ground-glass" of me of my wife.  
Truly Yrs.,

it is mild so don't let  
him know you have them  
I have put him off  
twice on the mildness al-  
ready within a month  
so after you are out  
with your paper he  
may see it - I have  
yet hopes of the Nov.  
Act. (whatever it may  
be) through the "Am.  
Ass. Adv. Sci" whose office  
is in Salem now and  
the Boston Nat Hist Soc may  
have it or the Ath. or  
perhaps the Pub Lib.
