

4 GLOUCESTER STREET,
BOSTON.

Mr. Ev. E. Savinport.
Dear Sir.

Mr Rand has
sent me your list - of
Terms of North American
to name from it, a
few fees I have collected
for him in Br. Harbor.
I see you do not adopt
Hooker's former claim

and write - to ask you
why - as I had always
supported him the best
authority in the world
in this. This study has
been so wide - and at
last he has had such
wonderful advantages
over others, in having
fees sent from all over
the world for his examination,
to say nothing of the
attention he has in

which they are given - His "Lyonesse"
Feline "P" has been my constant ally?
To speak simply of me, I am of American
origin - which he has decided not to
be cause of the apparent shape of the modern
Republican & Republicanism. Will you kindly
tell me why you object - to the American - and
why the other changes are not accepted by you -
I would quite a study of American forms

a few years ago; but owing to ill health and
want of time have allowed myself to become
very rusty - although I have not lost my interest
as one never can lose the love for such a delightful
study - I shall be extremely grateful if you
will ^{tell me} why Americans are so at variance with
Europe -

Yours very sincerely

8th February. Chas. L. Walling.

I am, address -

Mrs G. J. Walling, 4 Elm street St. Boston
