My dear Dr. Robinson

The winter we hope has slid away off so I am putting my last years collection into sets. The plants was collected in the localities visited by Captain Greg many years ago author of Gregs Commerce of the Prairies my effort was to get his finds over again - Mostly in the State of Coahuila - One locality in Durango.

I shall I send you a set as usual - Have commenced by making two type sets as complete as can be made one for you the other for National Museum - What is left to be put in general sets.

What do you think of the Island of pines for a winter collecting ground has any collections been made there

I may be detained here this summer as I for along am making a catalogue of your set of plants so as to give you the native names - and the uses to which the people put them. Yours Sincerely
Edward Palmer care of Dr. J. H. Rose.

Palmer, Edward. 1899. "Palmer, Edward Mar. 14, 1899 [to Benjamin Lincoln Robinson]." *Edward Palmer letters* –.
