

Washington City D.C. Jan 4. 1907

TROPICAL AGRICULTURE.

Dear Dr. Robinson

A set of my 1906 plants
will be sent you to day and I think you
will find several novelties hope the set
will give satisfaction and hope still that
it will be satisfactory to you to work the set
up with that of 1905 so the list of boath
sets can be sent to Dr. Rose at the same time
this will enable a full list of names to be
sent to the subscribers.

I'm mounting the set you will find no 500
which has orange yellow flowers - but I should
there be another 500 you will find on the corner
of the sheet 501 so please change the label.

I hope to leave here in a few days for Victoria
and Tampico State of Tamaulipas.

I wish to escape the cold here and if possible
to benefit my left arm which was hurt last
summer - A uniform heat being necessary for com-
plete recovery. This may be my final collecting
trip. Please find inclosed the bill

Yours sincerely
Edward Palmer

Care of Dr. J. N. Rose
