Hereby we present new proposals for Case 3625. We suggest that Rogner's (1996) name be suppressed, so the authorship goes to Berry et al., 1997.

The International Commission on Zoological Nomenclature is accordingly asked:

- (1) to use its plenary power to suppress the name *chimalhuaca* Rogner, 1996, as published in the binomen *Kinosternon chimalhuaca*, for the purposes of both the Principle of Priority and the Principle of Homonymy;
- (2) to place on the Official List of Specific Names in Zoology the name *chimalhuaca* Berry, Seidel, & Iverson, 1997, as published in the binomen *Kinosternon chimalhuaca*;
- (3) to place on the Official Index of Rejected and Invalid Specific Names in Zoology the name *chimalhuaca* Rogner, 1996, as suppressed in (1) above.
