Ornithological Articles in Other Journals.

Brigham, Edward M. The Hoactzin — Only Survivor of an Ancient Order of Four-footed Birds. (Natural History, XIX, February, 1919.) — An account of the discovery of the quadrupedal nature of the young by the discoverer.

Evans, William. The Great Crested Grebe in Forth. (The Scottish Naturalist March–April, 1919.)

Evans, William. Woodcock and the Safety of their Young. (Ibid.)

O'Donoghue, C. H. and Gowanlock, J. Nelson. Notes on the Caspian Tern (Sterna caspia) and the Parasitic Jaeger (Stercorarius parasiticus) in Manitoba. (Canadian Field-Naturalist, April, 1919.) — A number of other species are also listed.

Hornaday, W. T. Bird Notes from South America. The Truth about Gathering Egret Plumes in Venezuela, Slaughter of the Condors, and Insect Pests Follow Bird Slaughter. (Ibid.) — Extracts from Leo E. Miller's 'In the Wilds of South America.'

Crandall, Lee S. Rare Birds in the Zoological Park. (Ibid.) — Emus, Upland Geese, etc.

Shufeldt, R. W. The Osteology of the Giant Gallinule of the Philippines, Porphyrio pulcherulentus Temminck. With notes on the Osteology of Tachybaptus philippensis (Bonnaterre) and Hydrophasianus chirurgus (Scopoli). (Philipp. Jour. of Sci., January, 1919.)

Culinn, Stewart. Japanese Color Prints Illustrating Samuel Smiles' Self Help. (Brooklyn Museum Quarterly, April, 1919.) — This work was translated into Japanese in 1878 under the title 'The Western Countries' Book of Successful Careers.' Audubon's was one of these and the illustration which accompanied the sketch is reproduced here. It represents the ornithologist on his knees opening the box in which were his drawings that had been destroyed by rats. It adds one more to the list of portraits given by Prof. Herrick.

Nichols, J. T. Notes and Habits of Shore Birds. (Bulletin of the American Game Protective Association, April, 1919.) — An excellent account of some of the commoner species.

Cole, L. J. and Lippincott, W. A. The Relation of Plumage to Ovarian
Condition in a Barred Plymouth Rock Pullet. (Biological Bulletin, March, 1919). — A pullet with ovarian tumor developed male plumage but reverted to female upon the implantation of ovarian tissue. The barring in Plymouth Rock poultry differs in the two sexes and in this instance the 'male' plumage while male in shape and structure resembled the female in barring.

Publications Received. — Adams, Charles C. The Roosevelt Wild Life Forest Experiment Station. (Science, XLXI, June 6, 1919.)

Chubb, Charles. Notes on collections of Birds in the British Museum, from Ecuador, Peru, Bolivia, and Argentina. Part II. Podicopediformes—Accipitriformes. (Ibis, April, 1919.)

Lawyer, George A. Federal Protection of Migratory Birds. (Yearbook of the U. S. Dept of Agriculture, 1918.)
